

The lotus flower grows in muddy water and rises above the surface to bloom with remarkable beauty. At night the flower closes and sinks underwater, protecting itself; at dawn it rises and opens again.

The Right Step for You and Your Patient

- Simple to use
- Robust safety mechanism
- Easy visibility of access site
- Small footprint
- Non-absorbent patient comfort pad
- Non-coring needle
- Latex free
- Best overall value

SafeStep® Huber Needle Set combines excellent safety Huber needle technology in an affordable, simple to use product. SafeStep features a robust safety mechanism with a clear base for easy site visibility. It boasts a small footprint, one of the smallest available today! Its patient comfort pad is soft and supple for patient comfort during infusion. SafeStep is the best overall value for you, your nurses, and your patients!
